Call For Papers

Interested in speaking at Coal Prep 2009?

Coal Prep offers the latest products and the best education that the industry has to offer! As the only conference and exhibition serving the needs of the coal prep professional, Coal Prep is the best source to find new products, technologies and ideas.

The Coal Prep Exhibit Hall offers you a multitude of vendors offering equipment and services geared towards helping you better your plant operations. And, the Coal Prep Workshops and Technical Sessions keep coal preparation professionals informed with the latest industry trends and developments.

CPSA and Coal Prep are interested in receiving abstracts on any coal preparation topic.

Of special interest are papers on:

- Plant Automation & Control
- Flowsheet Development Strategies for Plan Modifications or New Plants
- Maintenance Articles
- Application of New Chemicals and Equipment
- And we are always open to any suggestions!

Please send your 200 word abstract or any suggestions for topics, papers and/or speakers, no later than September 1, 2008.

For more information, please contact Al Deurbrouck, Chairman of the Program Committee at 412-653-0281 or adeurbrouck@earthlink.net.

Interested in exhibiting your products or services?

Contact Sam Posa at 800-525-9154 or sposa@coalprepshow.com.
